and discussed the Incumbent Worker Training Policy. She explained that the incumbent worker training is a new work-based learning activity under WIOA and is to be used as a layoff aversion tool. The main objective is to meet the needs of an employer or group of employers to retain a skilled workforce by assisting workers in obtaining the necessary skills to avert being laid off. The policy sets the criteria to determine the employer/worker eligibility and the required employer's cost sharing for incumbent worker training projects.

Since our region has two fiscal agents –Baldwin County is our fiscal agent and the Middle Georgia Regional Commission is Macon/Bibb County Areas.
